Parents play a major role in shaping a child's eating habits. Unfortunately, with full schedules and fast paced lifestyles, most parents turn to fast foods as they are convenient, cheap and taste good. An alarming new study published in the Journal of Food Composition and Analysis reveals that Americans are getting nearly one-third of their calories from junk foods. Although fast and convenient, these foods are full of empty calories that lack the nutrition we need in order to maintain an active lifestyle. With these nutritional deficits from processed and fast foods, adding a multi-vitamin to your child's diet is imperative.

Children need a solid nutritional foundation in order for them to develop and grow each day. This is why it's important to ensure they are getting a balanced and nutrient rich diet. In order to help meet these recommended daily values, Pure Kidz offers a simple and effective way to supplement these nutrients into your child's daily diet.

Introducing Pure Kidz Liquid Multi. Pure Kidz Liquid Multi is a full spectrum multi-vitamin, mineral and anti-oxidant program that supplies a strong foundation for nutritional support. Vitamins are essential for growth and development, as well as immune system support. Pure Kidz Liquid Multi is a great tasting and fast absorbing liquid that is also great for children who can't swallow capsules or tablets. The natural cherry flavor tastes great right out of the bottle, or it can be mixed in a liquid of your choice.

Enhanced with Vita Berry. Vita-Berry is an organic, powerful and convenient way to supplement diets that do not include sufficient fruit antioxidants. The polyphenols, anthocyanidins, Vitamin C, and other organic acids naturally present in these fruits effectively combat the oxidative stress and damage caused by free radicals.

- Full spectrum multi-vitamin, mineral and anti-oxidant program
- Great tasting and fast absorbing liquid
- Enhanced with Vita Berry: Vita Berry is an organic, powerful and convenient way to supplement diets that do not include sufficient fruit antioxidants
- Sugar free, no artificial sweeteners or flavors
